THE STUFF

Boots	66-67
Plates (Chassis)	70-72
Toes, Tools, & Stuff	73-75
Bearings	76-77
Safety Equipment	78
Bags	79

Why do we love roller rinks so much, because that's where we started. Before moving into our over 60,000 sq' of combined warehouse space, we operated out of the Skate-A-Drome of Roanoke, VA. Unfortunately, that building burnt down in 1974. We now operate two separate locations that allow us to serve the nation.

We thank you so much for supporting your local roller rink or skate shop. Remember, they are the experts, and they are there to help you get the skates you want.

SCOUT ZTX

The Scout skate combines an iconic and timeless sneaker-style with the fun that is roller skating.

Boots: Pacer canvas boots featuring a classic look.

Chassis: Pacer polymer plates with a fixed toe stop.

Wheels: 54mm wheels give the skater a lower-profile for better balance.

Bearings: Sealed 608ZB bearings provide a consistent roll.

Sizes: Youth 12J-6 in Black, Berry Blast, Grape and Winter Green.

Price: \$

CHARGER

For 2023, the Charger skate has received an all-new remodel. The Charger has the look of a high-performance skate while still allowing for the needs of a young skater.

Boots: Speed profile boots with Velcro straps for added support.

Chassis: Pacer polymer plates with Velcro straps toe stop.

Wheels: 60mm urethane wheels with a nylon hub.

Bearings: G-Force 608ZB

Sizes: Black 10J-4, White 10J-4.

Price: \$

COMET - NEW STYLE

The Comet has an all-new look for 2023. It's now a stylish high-top skate that gives it the look of a high-end artistic skate. It still lights-up the floor with the light-up wheels.

Boots: New Pacer high-tops gives younger skaters needed support with deluxe comfort padding.

Chassis: Pacer polymer trucks.

Wheels: 58mm Firefly Light-Up wheels.

Bearings: Silver ABEC-5 carbon speed bearings.

Sizes: Black 12J-5, White 12J-5.

Price: \$

EXPLORER XT ADJUSTABLE

Pacer's juvenile adjustable skate is perfect for the rink or the trail.

Boots: Easily adjusted uppers with Deluxe Comfort Liner, laces, and power strap.

Chassis: Reinforced polymer frame.

Wheels: Kemistry Magnum; 65mm for sizes 11J-1, 70mm for sizes 1-7.

Bearings: Bevo Bronze-3 carbon speed bearings.

Sizes: Black or White small (10J-13J), medium (13J-3), and large (3-6).

Price: \$

ELLA ADJUSTABLE

The Ella skate is an adjustable skate featuring donuts, unicorns, ice cream, and catacorns. It has something for everyone and can be used in the rink or outside.

Boots: High-top boots offer ankle support and a padded lining. The EZ Twist knob adjusts the size.

Chassis: High-impact chassis with double-action trucks and fixed toe stop.

Wheels: Urethane 54mm x 32mm indoor/outdoor wheels.

Bearings: Silver-5 speed rated bearings.

Sizes: Small (12J-2) and medium (3-6).

Price: \$

LUCY ADJUSTABLE

The Lucy skate is an adjustable skate featuring either pineapples or watermelons. It has something for everyone and can be used in the rink or outside.

Boots: High-top boots offer ankle support and a padded lining. The EZ Twist knob adjusts the size.

Chassis: High-impact chassis with double-action trucks and fixed toe stop.

Wheels: Urethane 54mm x 32mm indoor/outdoor wheels.

Bearings: Silver-5 speed rated bearings.

Sizes: Pineapple or Watermelon in small (12J-2) and medium (3-6).

Price: \$

FUN ROLL ADJUSTABLE

Beginner skate featuring a low center of gravity and dual heel brakes to keep young skaters from falling backwards.

Boots: Plastic shell with deluxe-padded liners.

Chassis: Adjustable.

Bearings: G-Force 608ZB Sealed bearings.

Sizes: Blue or Pink in small (7J-11J) and medium (11J-2).

Price: \$

ION 7.2

Adjustable youth skate with aluminum frames.

Boots: Soft boot with hard exo-skeleton, Deluxe-Comfort liners with Velcro power-straps.

Frames: Aluminum.

Wheels: Urethane wheels.

Bearings: Silver-5 speed rated carbon bearings.

Sizes: Black or white in small (11J-1) and medium (2-5).

Price: \$

CHARGER

GT-50

The GT-50 is one of the most popular skates ever produced. It offers comfort out-of-the-box by offering a little added width in the footbed, and it has extra padding around the ankle.

Boots: Rock GT-50 boots with Velcro strap.

Chassis: Rock double-action plates with adjustable toe stops.

Wheels: Black & white swirled GT-50 wheels.

Bearings: Sure-Grip ABEC-5 bearings.

Sizes: Men's black 1-15.

Price: \$

LoRide

Three plates in one. A unique plate concept that allows you to raise or lower the height of your plate, 3 different heights. Produced in the USA and using all Sure-Grip parts.

Avanti

Sure-Grip brings you the next generation in plate design, the Avanti. Offered in both Magnesium and Aluminum, this 10 degree double action plate is built to last. With our exclusive use of magnesium in plate construction, we've crafted a sleek hollow design to give skaters performance and durability without sacrificing lightness.

We've made mounting easy by including four mounting holes in the front of the plate to aid in mounting different boot types. Mounting hardware included.

The Avanti Magnesium Plate includes a newly designed precision adjustable pivot truck that can withstand the intensity while giving you balance and durability, both the truck and plate are powder coated with a white finish. The Avanti Aluminum Plate includes a standard fixed pivot double action truck, both polished aluminum.

OCTANE MAGNESIUM
Magnesium plate comes with Precision Click trucks and Pure urethane cushions. This is one of our favorite plates.
